PRE-SURGERY INSTRUCTIONS

1. Eat prior to your appointment.
2. After your treatment, you will be instructed to eat a soft diet for the next few days (scrambled eggs, pasta, soup, etc)
3. You will be able to drive yourself to and from the appointment. The exception to this would be if a pre-surgical anti-anxiety medication was prescribed, then you will need a driver.
4. **DO NOT TAKE** any of the following medications for 7 days prior to your appointment: Ibuprofen; Aleve; Motrin; or Advil

You will be able to resume these medications following the treatment.

5. If you take prescribed medications (other than those noted above), take them as you normally would. If any changes in your medications prior to your appointment, please call our office.
6. If you have any changes in your health, or any questions, please call our office.
7. The day of your surgery, you will need to “take it easy”. We want you to rest; take the pain medication; and use the ice as instructed.
